Thank you for banking with us!

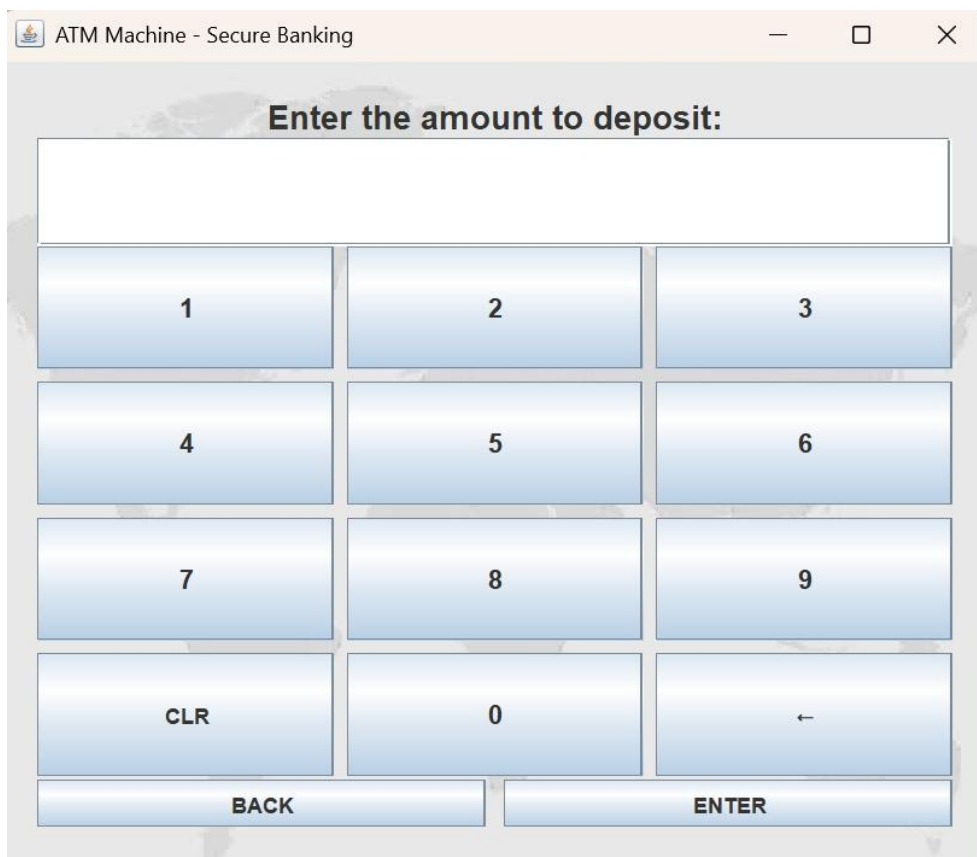

Print Receipt

Done

PROCESSING → Transaction is shown as processing for a short duration.

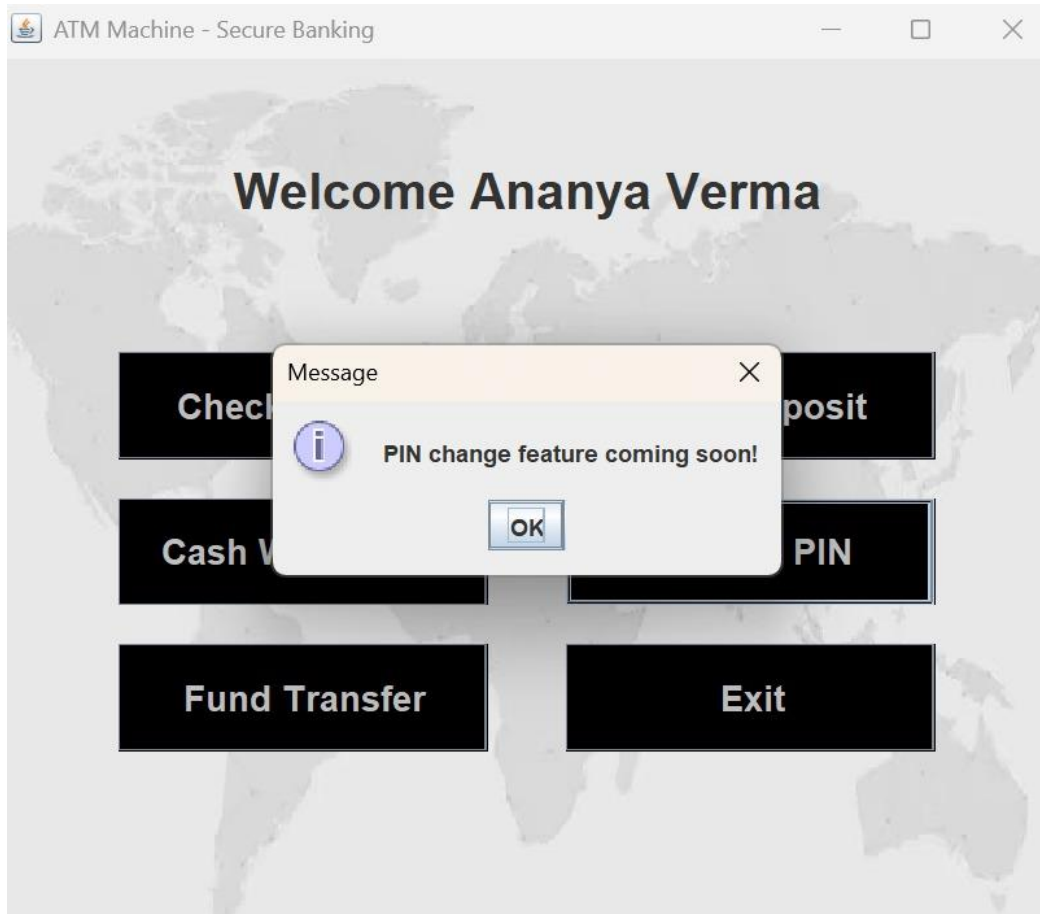

COMPLETE_TRANSACTION → Balance is updated, transaction is recorded, and a receipt is generated.

DEPOSIT → User enters deposit amount and presses *Enter* to continue with the transaction.

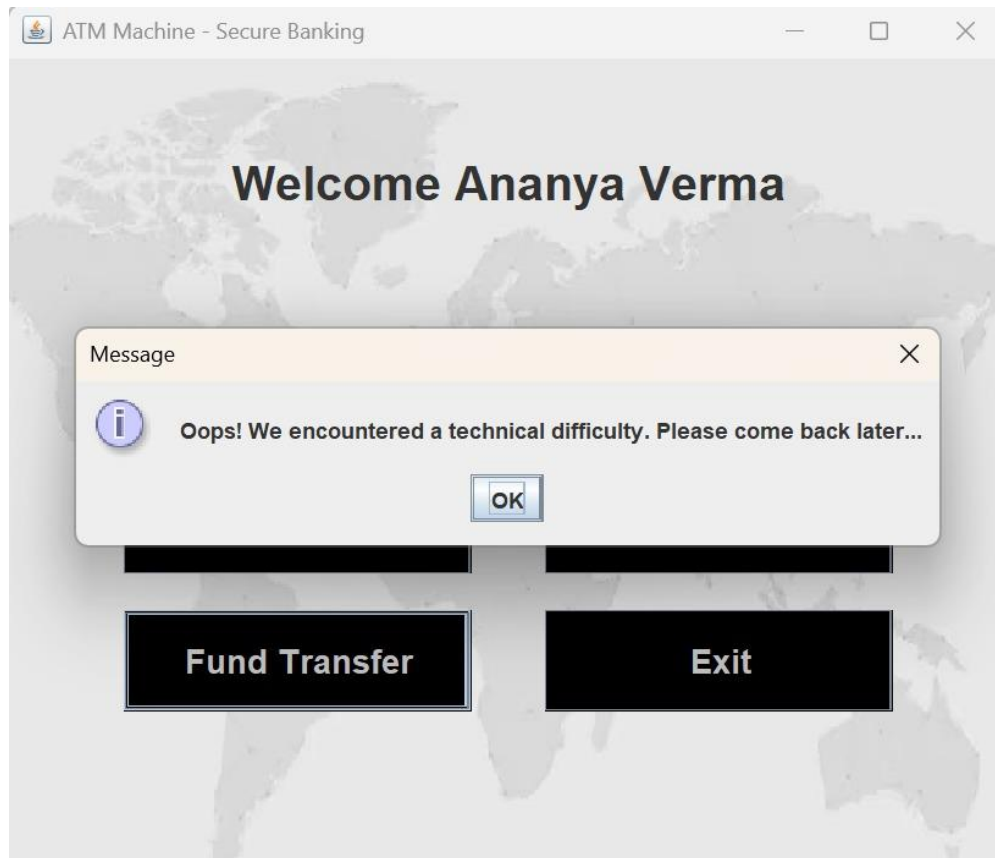

The screenshot shows a web application window titled "ATM Machine - Secure Banking". The main content area has a light gray background with a subtle world map. At the top, the text "Enter the amount to deposit:" is displayed in bold. Below this is a large white rectangular input field. Underneath the input field is a numeric keypad consisting of 12 blue buttons with white text. The buttons are arranged in a 4x3 grid: the first three rows contain digits 1-9, and the fourth row contains "CLR", "0", and a left arrow. At the bottom of the keypad are two wider blue buttons labeled "BACK" and "ENTER".

PIN CHANGE → When *Change PIN* is clicked, an informational pop-up appears stating the feature is coming soon.

FUND TRANSFER → When *Fund Transfer* is clicked, a pop-up appears stating the service is currently unavailable.

DONE → The Done button on every screen leads back to the main menu.

THANK YOU → User ends session by pressing the exit button; clicking *New Transaction* resets the system and returns to the Welcome screen.

Thanks for banking with us!
Don't forget your card.

Have a great day :)
